

Health management for companies

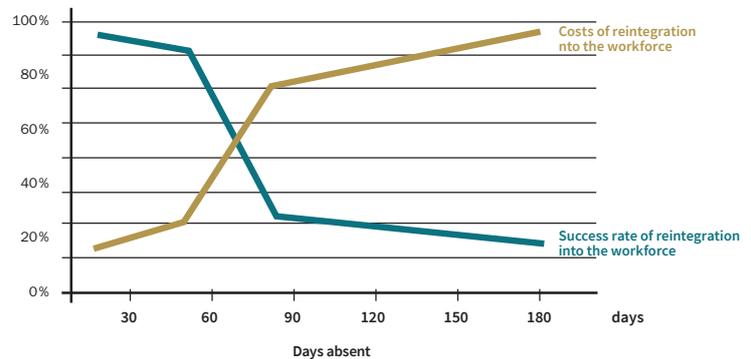

For employers, healthy and motivated employees are key. They know that prevention and support during health-related absences are vital if they are to optimize operating costs on a sustainable basis. AXA can help you. Take advantage of our service offering.

CHF 6000.– is the cost per employee per year resulting from performance loss/absences due to high stress levels
Source: Health Promotion, Switzerland

7 days per year is the average employee absence from work due to health-related issues
Source: Swiss Federal Statistical Office

12–36% potential reduction in absences

Time as a key factor

Health promotion and prevention

Sensible health management is appropriate whatever the company size. A start can be made with individual services:

- Executive Board workshop as a start to CHM
- Employee surveys / determination of CHM potential
- Individual workshops / presentations and seminars on various key topics
- Ergonomic advice at your location
- Management training (e. g. stress prevention)
- Accident prevention packages (BU / NBU)
- Work safety training
- Work safety consultations
- Prevention of traffic accidents

Reporting and statistics

From 10 employees, as our corporate customer with group personal insurance, you receive an annual prevention report free of charge:

- Overview of the situation re. KKV and UVG
- Potential for prevention and savings
- Key health and accident issues
- On request: Detailed KKV or UVG statistics – download via web portal “MyAXA”

Care Management

Accompany employees unable to work right from the start. Early contact is important for a quick return to the work process. Your AXA Care Manager is your direct contact, supporting you in:

- Reintegration into the workforce
- Absenteeism
- Combating misuse
- Coordination

Doctors’ network

To clarify medical questions, and particularly incapacity for work, AXA refers you if necessary to members of an external doctors’ network.

Information about labor law

Questions pertaining to labor law often need answering. Health management at AXA therefore also includes free legal advice:

- Notice periods
- Periods during which notice is barred
- Obligation to continue salary payments
- Reduction of leave in case of illness or accident
- Employer’s rights
