

Health management for corporates

For employers, healthy and motivated employees are key. They know that prevention and support during health-related absences are vital if they are to optimize operating costs on a sustainable basis. AXA can help you. Take advantage of our service offering.

CHF 6000.– is the cost per employee per year resulting from performance loss/absences due to high stress levels
Source: Health Promotion, Switzerland

7 days per year is the average employee absence from work due to health-related issues
Source: Swiss Federal Statistical Office

12–36% potential reduction in absences

Time as a key factor

Health promotion and prevention

Sensible corporate health management can begin systematically or with individual services:

- Executive Board workshop as a start to CHM
- Employee surveys / determination of CHM potential
- Individual workshops / presentations and seminars on various key topics
- Ergonomic advice at your location
- Management training (e. g. stress prevention)
- Accident prevention packages (BU / NBU)
- Work safety training
- Work safety consultations
- Prevention of traffic accidents

Reporting and statistics

As a corporate customer with group personal insurance, you receive an annual prevention report free of charge:

- Overview of the situation re. KKV and UVG
- Potential for prevention and savings
- Key health and accident issues
- On request: Detailed KKV or UVG statistics – download via web portal “MyAXA”

Get to know us

Arrange for a no-obligation initial consultation today.

For more information, visit AXA.ch/bgm – with a short film on the topic.

Care Management

Accompany employees unable to work right from the start. Early contact promotes a quick return to the work process. AXA’s Care Management supports you with regard to:

- Reintegration into the workforce
- Absenteeism
- Combating misuse
- Coordination

Fixed contact partner

On request, a personal contact partner will hold a regular exchange with you, advise you about ongoing benefit cases, and discuss how to proceed.

Doctors’ network

To clarify medical questions, and particularly incapacity for work, AXA refers you if necessary to members of an external doctors’ network.

Information about labor law

Health management at AXA also includes free legal advice on the following topics:

- Notice periods
- Periods during which notice is barred
- Obligation to continue salary payments
- Reduction of leave in case of illness or accident
- Employer’s rights
